

Sir: I would like to express my opposition to allowing LPFM stations taking priority over current FM translator services. The station I and my family listen to, and support financially, operate on the FM translator service. K-LOVE offers to our family and community clean, Christian music and entertainment. This is a rare occurrence on most other stations. What I consider as indecent, law has interpreted in a completely different way. Obscene evidently doesn't mean filthy, vulgar, inappropriate language. By displacing K-LOVE it will be removing decent programming which would contribute to the decline in upright moral values. Just listen to shock jocks and you'll hear what I mean. The public interest is served by meeting the desires of millions of listeners on the FM translator stations. I do not want to be forced to limit even further my listening selections. So please, DO NOT allow my station to be replaced by an LPFM service.
